Monogram Wizard PLUS

Ad Design 012

1. **B** was typed into **Letter Box 1** and font **Sydney** was selected.
 2. The **Letter Size** was made **2.5 in.** and the **Letter Width** was reduced to **70**.
 3. **Layer 2** was then selected and the letters **AM** were typed into the **Names box**.
 4. The font **Castle** was selected and the letters were moved into position above the **B** using the **Design Adjustment arrows**.
- the **Letter Size** was made **1.0 in.** and the **Letter Width** was increased to **200**.
5. The **Bridge Up letter style**,  was applied to the letters and the **down arrow** next to the style was used to create the desired amount of curve.
